

# Liver Cleanse

(120 Capsules)

Liver toxicity is an issue for everyone! Our Liver Cleanse is designed to detoxify the liver and keep liver enzymes within normal range.

Liver Cleanse works as a preventative measure, as well as, a treatment option; meaning that this supplement can be used *proactively* to prevent problems from occurring and *reactively* to deal with elevated enzyme levels. This makes Liver Cleanse a sensible addition to any preventive medicine regimen.

**Milk Thistle Extract:** Milk Thistle seeds contain a bioflavonoid complex known as silymarin, a powerful antioxidant. Silymarin is made up of three parts; silybin, silidianin and silicristin. Silybin is the most active component and is largely responsible for the benefits attributed to silymarin.

Studies have shown that Milk Thistle extract may protect the cells of the liver by blocking the entrance of harmful toxins and also helping to remove these toxins. Milk Thistle has also been shown to regenerate injured liver cells.

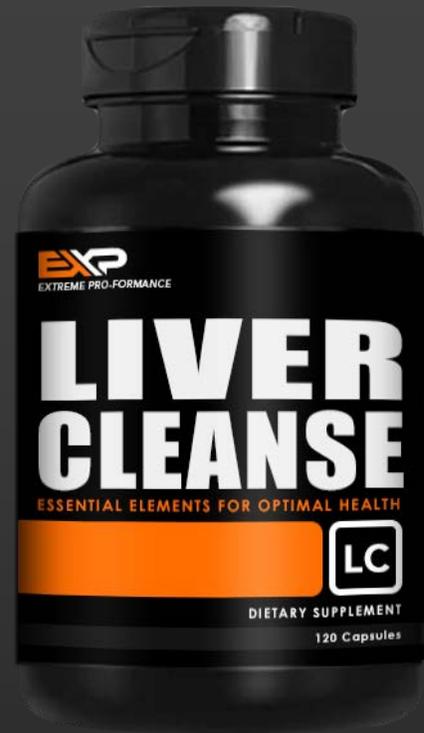

**Artichoke Leaf Extract:** The active ingredient in artichoke is cynarin which is found in highest concentrations in the leaves. Like silymarin, cynara extract has demonstrated significant liver protecting and regenerating effects.

Artichoke has a choleric (bile stimulating) effect. This is a very important property: if the bile is not being transported adequately to the gallbladder, the liver is at increased risk of damage. Choleric are very useful in the treatment of hepatitis and other liver diseases via this "decongesting" effect.

Artichoke extract is also effective in normalizing liver metabolism and preventing further damage due to internal and external toxins such as alcohol and environmental poisons.

Liver Cleanse is an important addition for anyone on hormone replacement therapy since these treatments can often put extra stress on the liver. Liver Cleanse is essential to help protect the liver and maintain healthy liver function.

## Liver Cleanse

Liver toxicity is an issue for everyone! Liver Cleanse is designed to detoxify the liver and keep your liver enzymes within normal range.

At Extreme ProFormance, we use only the highest grade products under strict quality controls.
