

EXTREME PRO-FORMANCE SUPPLEMENTS
A Division of Andrologix Health & Wellness

ESSENTIAL MINERALS

(120 Capsules)

Vitamins and minerals, once plentiful in the food supply, have been diminishing over the years as manufacturing processes have evolved to meet financial pressures. Studies have shown that as much as 70% of the population could be experiencing vitamin and mineral deficiencies that could adversely affect their body's healthy function and ability to resist disease.

Still, most people don't realize just how critical micronutrients are to their health. If the body doesn't get the vitamins and minerals it needs, cellular processes can run ineffectively impacting energy, hormone signaling, and immune system function.

Since the mid-20th century, people have been supplementing with vitamins and minerals which have relied heavily on the recommended daily allowance (RDA) established by the government right after World War II. Since then, both individuals and health care professionals have realized that, though maybe a decent baseline, the RDA is insufficient for supporting optimal health and an active lifestyle.

In contrast, Extreme ProFormance Elemental Minerals are made in America with pharmaceutical-grade ingredients of the highest quality and purity; formulated to increase absorption, driving nutrients into the cells more efficiently.

Instead of promoting the latest nutritional fad, we focus on nutrients that are essential to achieving optimal health and maintaining a strong immune system. Good health and longevity require regular exercise, a healthy diet, and the kind of precise nutrient targeting you get from Extreme ProFormance Essential Minerals.

So don't settle for "drugstore shelf" vitamins when you can fortify your body with a robust multi-mineral formula based on cutting-edge research.

Minerals that are essential to achieving optimal health and maintaining a strong immune system.

At Extreme ProFormance, we use only the highest-grade products under strict quality controls.

SUPPLEMENT FACTS

DIRECTIONS: Take four capsules once per day. Serving Size 4
Capsules/Servings Per Container 30

Vitamin C (as ascorbic acid)	75 mg
Vitamin D3 (as cholecalciferol) (200 IU)	5 mcg
Calcium (as di-calcium malate, calcium bisglycinate chelate)	300 mg
Iodine (as potassium iodide)	150 mcg
Magnesium (as di-magnesium malate, magnesium lysinate glycinate chelate)	200 mg
Zinc (as zinc bisglycinate chelate)	30 mg
Selenium (as selenium glycinate complex)	120 mcg
Manganese (as manganese bisglycinate chelate)	4 mg
Chromium (as chromium nicotinate glycinate chelate)	150 mcg
Molybdenum (as molybdenum glycinate chelate)	100 mcg
Potassium (as potassium glycinate complex)	99 mg
Betaine hydrochloride	400 mg
Lithium (as lithium orotate complex)	500 mcg
Vanadium (as vanadium amino acid chelate)	60 mcg

Other Ingredients: Hydroxypropyl methylcellulose (vegetable capsule), magnesium oxide (buffering agent), magnesium stearate (vegetable), silica.

Does Not Contain: Milk, eggs, fish, shellfish, tree nuts, peanuts, wheat, soy.

Caution: Excess vitamin A intake may be toxic and may increase the risk of birth defects. It is also recommended that children under four should not regularly consume more than 750 mcg RAE (2,500 IU) per day. Keep out of reach of children.

Storage: Keep tightly closed in a cool, dry place.
